## BACKGROUND

Party Ardi is a DJ, emcee and proud "Baydestrian" from Vallejo, CA. He is known as a high energy and charismatic creative that enjoys providing a wide range of music into his sets. He has been a musician for two decades learning a myriad of instruments ranging from the drums to classical guitar. Ardi started DJing in 2018 where he fell in love with electronic music.

Party Ardi thrives in an upbeat future beats, hip-hop/R&B and house environment. However, his wide taste in music has made him comfortable in almost any genre or era of music which has landed him gigs at 1015 Folsom & The Midway in San Francisco, Parliament in Oakland, Commonwealth in Las Vegas, & even on Rebel Pop Radio on Wild 94.9 FM.
